RUGGLES CAMPGROUNDS.

What Is Going on at That Beautiful Place—Large Attendance.

Special Correspondence Public Ledger.

RECORDS CAMPGROUNDS.

August 1st, 1901.

The meeting continues with great interest. Some one steps into the Kingdom at almost every service; nine conversions and three sanctifications to date. Good congregations, especially at the night service.

Rev. I. E. Price of Manchester preached to us Tuesday and Wednesday mornings two instructive and soul-stirring sermons, the kind that melt the eyes to tears and make one to feel very near heaven itself. We were sorry to see him leave us for his home Wednesday, but God's Ministers are a busy people and have much to do at home.

Rev. John Colledge arrived on the grounds Wednesday evening.

Rev. G. H. Frenger, Presiding Elder of the Ashland District, went to his home Tuesday morning. We lose good help when he goes for there are few more earnest and better workers than Brother Frenger.

The rains of the past few days have made the grounds more beautiful than ever. The grass has freshened up, the dust has settled down to earth again, the air is so cool and revivifying as it comes fresh and pure from the hills. No dust, no heat, good pure water, plenty to eat, no sickness and a continual feast for the soul, why should we not enjoy ourselves and be happy?

Every one who comes out Sunday may be assured of a good meal at the hotel and of good treatment generally. They are striving to please and so far they have done so admirably.

We wish to commend our police to the public as keepers of good order. No trouble of any kind has occurred on the grounds this year. In fact there has been very little to reprove.

An Open Letter.

We desire to say that our business since January 1st has passed the mark anticipated. We wish to be frank; therefore we are not attempting to talk to business people and put it in the form of a polished essay. The advantage of having merchandise different from your competitors is apparent, provided the material is reliable. Does not a good deal of advertising appear to you as though the advertisers were indulging too freely in fine words? Most of them seem to say something that means nothing. Names are invented for goods that have no bearing whatever to the materials; turned and twisted until they are no longer relevant, all of which is done to tone the product, because the product hasn't enough of it. Fine feathers make fine birds, but fine words do not make fine goods. We are strong believers in advertising, because it is a good thing, but advertising doesn't pay unless constructed on a proper basis, and that is to plainly tell people what you have to sell, and sell it as low as is consistent with legitimate business methods.

Our spring importation of Dress Goods, White Goods, Carpets, Mattings and Housekeeping Goods generally is complete. Come and see prices, which will be found to be as cheap as the cheapest, quality considered. Respectfully,

GEORGE COX & SON.

The Investment Company has taken its place as a permanent institution, and the prejudices that obstructed its early growth are appearing in the light of experience in its workings. For many months the people of Mason county have been sending over \$1,000 a month to be invested in companies at Lexington and other places. Now that we have a Company at home whose plan is the latest and most approved and whose Managers are personally known to you as men of standing and integrity, why not put your investment with them? Patronize your home institution, and your city and county will develop.

There is still a lingering prejudice in the minds of many people against the investment business. This arises largely from lack of information as to the real principles upon which the business is founded.

Our older citizens remember when the first Building Association was started in Maysville. There was a great deal of opposition, but it lived down the prejudice and was the forerunner of the three prosperous institutions of that kind in Maysville. The Building Association depends for its success entirely upon co-operation.

Life insurance was a rarity in Maysville in the preceding generation, but now it is difficult to find a man entirely uninsured, who is healthy enough to stand a medical examination.

Life insurance is run upon precisely the same principles as an Investment Company, but pays the profits to the dead man's estate.

Our plan is open to the sick and feeble, to whom life insurance is barred, as well as to the healthy and strong. Don't let prejudice stand in your way because the business is unfamiliar to you, but investigate for yourself, and you like others will be convinced. Call at our office or write to the
